Jesse White Awards Over \$530,000 Project Next Generation Grants
Funds provide technology and mentors to help at-risk youth

Secretary of State and State Librarian Jesse White awarded \$530,104 in 2022 Project Next Generation (PNG) grants to 28 public libraries statewide. PNG is a mentoring program administered through Illinois public libraries. Project mentors work with middle and high school students as the participants develop skills to use various technologies, achieve success through project-based learning and gain life skills, such as effective communication, goal setting and conflict resolution.

“I am committed to improving the lives of at-risk youth in Illinois,” said White. “I established this innovative program when I first became Secretary of State to give students an opportunity to receive hands-on experience with the latest technological tools at their local library.”

PNG Grant recipients include the following public libraries:
