Robinson Driver Services Facility to Close Permanently

New, larger facility to open on March 1

Illinois Secretary of State Jesse White announced that the Robinson Driver Services facility located at 1321 E. Main St. will be permanently closed at the end of business on Thursday, Feb. 24. The new facility in Robinson will be located at 300 W. Main St. and is approximately 2,000 square feet, which is about 800 square feet larger than the current facility. The new location will be open to serve the public on Tuesday, March 1.

“This new facility is conveniently located,” said White. “It is much larger than the facility at 1321 E. Main Street and will serve Robinson and the surrounding communities well.”

White’s office has been working with the new landlord who, as part of the 10-year lease agreement, is in charge of making necessary modifications to the building. These modifications, standard when opening a Driver Services facility at a new site, are designed to maximize the facility’s traffic flow and efficiency.

As a reminder, White has extended all expiration dates to March 31, 2022, for driver’s licenses and ID cards. This extension does not apply to commercial driver’s license (CDL) holders and CDL learner’s permits.

Until the new facility opens on Tuesday, March 1, customers are encouraged to visit the three nearest Driver Services facilities, including:

1302 S West St. in Olney

1305 State St. in Lawrenceville

444 S Willow St. in Effingham

White encourages people to conduct business online at ilsos.gov for services, such as renewing license plate stickers, obtaining a duplicate driver’s license or ID card and renewing driver’s licenses and ID cards for those who are eligible.
